The Water Tap Podium eases access to water supply points or reaching basins for the youngest or smallest users. Additionally, the Water Tap Podium makes for a fine rest point or a meeting point for children playing with the sand and water items. It is made of beautiful hand-crafted Robinia timber, which children can touch and feel and learn what natural

timber is like.

Lower platform

Physical: climbing up and jumping down develops muscle and motor skills such as coordination, important in navigating your body securely through the world. **Social-Emotional:** children can sit and talk together. The step helps children who need extra height to maneuver the tap and water channel.
