A great place to chill! The Meeting Point adds an important option to the playground. The design appeals to older children and is based on research insights: when creating a meeting point, for instance for teenagers, it is important to make it relatively transparent, while keeping a feeling of a safe haven too. This is why the Meeting Point with Bench features openings in

its back support and sides: To make sure that people seated can see what or who is approaching. The open design also supports the many body positions that teenagers take when Chilling: lying, kneeling, standing, or just sitting. The ability of having a view of the entire playground while meeting with friends or watching your children play. The Meeting Point

has so much more to it than meets the eye.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco-friendly material, which is not only recyclable after use but also consists of a core produced from 100% recycled material.

The steps are made of high-pressure laminate HPL with a thickness 17.8mm and non-skid surface texture. KOMPAN's HPL is high wearing to ensure longevity within the Australian climate.

The steel surfaces are hot-dip galvanised inside and outside with lead-free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

Steel posts are galvanised inside and outside with powder-coated top finish. This provides ultimate corrosion resistance in all climates around the world.

| Installation Information |                          |
| Max. fall height         | 42 cm                    |
| Safety surfacing area    | 12.1 m²                  |
| Total installation time  | 3.0 hours                |
| Excavation volume        | 0.05 m³                  |
| Concrete volume          | 0.02 m³                  |
| Footing depth (standard) | 85 cm                    |
| Shipment weight          | 72 kg                    |
| Anchoring options        | In-ground ✓<br>Surface ✓ |
| Warranty Information     |                          |
| EcoCore HDPE             | Lifetime                 |
| Post                     | 10 years                 |
| Spare Parts Guarantee    | 10 years                 |

# Sustainability Data

PCM702

| Cradle to Gate A1-A3 | Total CO <sub>2</sub> emission | CO <sub>2</sub> e/kg    | Recycled materials |
|----------------------|--------------------------------|-------------------------|--------------------|
|                      | kg CO <sub>2</sub> e           | kg CO <sub>2</sub> e/kg | %                  |
| PCM702-0902          | 90.16                          | 1.72                    | 67.45              |

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

## Verification of CO<sub>2</sub> calculation of: Park

Data version no. 2023-10-05

The CO<sub>2</sub> calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Park" represented by item no.: PAR4070-0001.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
