The Four Tower Castle offers amazing play experiences to explore again and again. The door on the ground level creates a prison theme, and the treasure chest begs to be explored. Dramatic play stimulates language development and social interaction in children. The Four Tower Castle is also rich on physical play challenge and inspiration. Varied, thrilling

slides or glides down trains the sense of space and balance. The Curly Climber and Turbo Challenge physical skills, adding a rotating motion and requires children to hang by their arms and legs, spinning with friends, is truly thrilling. It is a great trainer of social skills such as turn-taking. It also trains the proprioception and the logical thinking skills when navigating

it.

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
