# **Agora Steel Table**

PAR4152

Item no. PAR4152-0609			
General Product Information			
Dimensions LxWxH	132x59x80 cm		
Age group			
Play capacity (users)	-		
Color options			

Outdoor Furniture plays an essential role in our communities by adding an inviting and social atmosphere, a place to meet, socialise or rest. Inclusive Design As Standard AGORA is designed to fulfil the UN Convention on the Rights of Persons with Disabilities (CRPD), which requires universal design principles when creating public spaces. Installing AGORA furniture in a public area goes beyond satisfying all-inclusive design requirements. The complete AGORA line is available in highly vandalism-resistant steel versions. AGORA Table is a freestanding table that can be combined with Agora benches, chairs and stools. Grouping furniture around a table offers countless possibilities for use.

# **Agora Steel Table**

PAR4152

The steel surfaces are hot dip galvanized inside and outside with lead free zinc. The galvanization has excellent corrosion resistance in outdoor environments and require low maintenance. Painted steel parts are hot dip galvanized before powder coating.

Powder coated top finish on top of galvanisation is processed in two steps: Light grinding and clean sweeping, powder coating - thickness 70-120  $\mu$ m.

The Agora full steel assortment is available as standard in 9 different colors to match the selected color scheme on the play, sport or fitness site.

Item no. PAR4152-0609			
Installation Information			
Total installation time		1.4	
Excavation volume	0.0	8 m³	
Concrete volume	0.0	6 m³	
Footing depth (standard)	60 cm		
Shipment weight	4	9 kg	
Anchoring options	Surface	~	
	In-ground	~	

KOMPAN outdoor furniture is available for surface and in-ground installation. Surface installation by anchoring to base layer or inground installation as either direct in ground or additional hot dip galvanized steel brackets.

The benches and tables can be combined in multiple settings by choosing individual products or assembled into larger solutions. See catalogue pages for more inspiration.

The hardware is made of stainless steel or galvanised steel to ensure durable connections with a high corrosion resistance.

## **Sustainability Data**

Cradle to Gate A1-A3

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
