Theatre Stage

NRO604

KOMPAN
Let's play®

Item no. NRO604-0621	
General Product Information	
Dimensions LxWxH	277x147x168 cm
Age group	1+
Play capacity (users)	6
Color options	

The Robinia Theatre Stage holds an eternal attraction to children: they love to perform and meet. With its red curtain detail and megaphone, the stage will repeatedly be used by the children in dramatic and social play scenarios. Performing on the Robinia stage trains important life skills such as self-awareness, self-control and cooperation. The

dramatic play is a favorite play type of preschoolers, and stimulates language development. The elevated platform of the stage invites socializing and is used as a place for a break, too. Children also use the stage for jumping on and off, building bone density and muscle strength as they do so. The curtains are made from tactile, flexible rubber. The

megaphone makes it possible to announce new shows. The distortion of the voice in the megaphone additionally trains the child's understanding of cause-and-effect.

Theatre Stage

NRO604

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is water based environmental friendly with excellent UV resistance. The paint is in compliance with EN 71 Part 3.

Play activities in very strong materials: HDPE-plate with HDPE-clock and hands in conveyer belt rubber, bell in pressed aluminium. Mirror in plexi-glass with a high impact resistant.
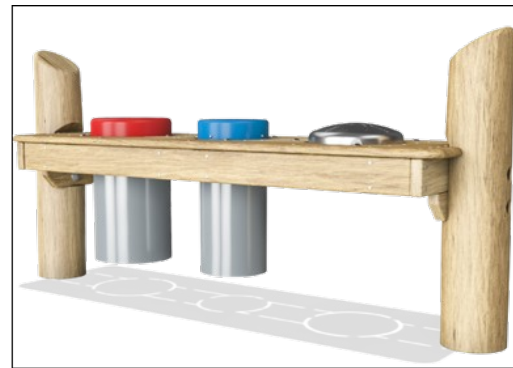

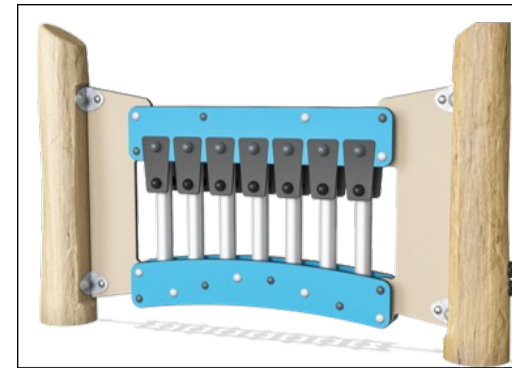

Item no. NRO604-0621	
Installation Information	
Max. fall height	0 cm
Safety surfacing area	23.5 m²
Total installation time	7.8
Excavation volume	0.45 m³
Concrete volume	0.00 m³
Footing depth (standard)	60 cm
Shipment weight	345 kg
Anchoring options	In-ground ✔

All rubber activities/components are made of conveyer belt rubber that makes it extremely weather resistant and long lasting.

The percussion panel consist of 2 Conga Drums with PP tubes and top in coloured ABS. Babel drum in stainless steel 316L.

The Xylofon music panel consist of HDPE - material in 19mm EcoCore™. EcoCore™ is a highly durable, ecofriendly material. The pipes are made of die-cast aluminium specifically alloyed for outdoor environments.

Cradle to Gate A1-A3	Total CO₂ emission	CO₂e/kg	Recycled materials
	kg CO₂e	kg CO₂e/kg	%
NRO604-0621	71.30	0.26	2.40

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
