

Combi 1

FPW101

Item no. FPW10100-0900	
General Product Information	
Dimensions LxWxH	315x230x240 cm
Age group	8+
Play capacity (users)	3
Colour options	

The Bench provides perfect training for the core and lower back muscles by doing exercises such as leg lifts and sit ups. Easy grips are created to make sure anyone can do the exercise in a correct way. The Combi 1 is a space efficient combination of essential street workout equipment with a pull up bar, horizontal ladder and bench. A trainer's

favourite, because it is the perfect training station for using additional exercise tools, such as suspension trainers and small weights. The Pull Up Bar is made from solid steel and has a diameter of $\varnothing 32$ mm. An ideal size for both men, women and kids to have a good grip. As the bar hangs at a height of 233cm, everyone will be able to hang freely and use the bar for a

variety of Pull Ups.

Combi 1

FPW101

Post are made of $\varnothing 101.6 \times 2\text{mm}$, pre-galvanized carbon steel and powder coated, a great protection to all conditions.

The connectors are made of die-cast aluminium, specially alloyed for the outdoor environments and heavy usage. The screws attaching the connectors are stainless steel and protected by zinc washers.

All bars intended for pull ups are made of solid, $\varnothing 32\text{mm} \times 138\text{m}$, hot dip galvanised, S235JR steel bars. This diameter gives the right grip for everyone.

The surface is made of Ekogrip™ panels, consisting of 15mm polyethylene with a 3mm top-layer of thermoplastic rubber. The Ekogrip™ panels have a non-skid effect for comfortable and safe training at all weather circumstances.

Item no. FPW10100-0900

Installation Information

Max. fall height	233 cm
Safety surfacing area	30.4 m ²
Total installation time	4.2
Excavation volume	0.75 m ³
Concrete volume	0.38 m ³
Footing depth (standard)	90 cm
Shipment weight	140 kg
Anchoring options	In-ground ✓ Surface ✓

Warranty Information

Connectors	10 years
Hot dip galvanised steel	Lifetime
Post	10 years
Spare parts guaranteed	10 years

Sustainability Data

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
