

# Little Duckling

M188

Tummy tickling thrills of rocking back and forth. The Little Duckling is a play attractor amongst young children. Besides the thrilling feeling of rocking, this springer helps build physical and cognitive skills as well. The rocking of the Little Duckling responds to the child's own forward and backward movements. This takes coordination and it develops spatial awareness

and a sense of balance. The responsive movements also help children to be aware of cause and effect: When they move their body, it has an impact on the Little Duckling. This understanding widens the infant's world and builds a fundament for understanding logical thinking.

Item no. M18801-01P	
General Product Information	
Dimensions LxWxH	28x66x58 cm
Age group	1+
Play capacity (users)	1
Colour options

M188

## Handhold

**Physical:** opens more hold positions and ensures good grip, necessary for rocking intensely which trains hand and arm muscles.

## Foot support

**Physical:** the footrest supports intensive rocking, simulating the senses of balance and space and supports coordination and muscle strength.

## Rocking movement

**Physical:** response to movements adds to spatial awareness and sense of balance which are fundamental motor skills.

**Cognitive:** trains the understanding of cause and effect: when I move my body, the spring responds with movement.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco-friendly material, which is not only recyclable after use but also consists of a core produced from 100% recycled material.

Seat is made of HPL with a thickness of 17.8mm with a very high wearing strength and a unique KOMPAN nonskid surface texture.

The rocking movement over axis is made by heavy duty scaled ROSTA torsion spring element. The ROSTA element operates quietly and requires low maintenance.

Item no. M18801-01P	
Installation Information	
Max. fall height	60 cm
Safety surfacing area	5.3 m²
Total installation time	2.2 hours
Excavation volume	0.12 m³
Concrete volume	0.00 m³
Footing depth (standard)	44 cm
Shipment weight	21 kg
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
EcoCore HDPE	Lifetime
Galvanised Steel	Lifetime
Spare Parts Guarantee	10 years
Springs	5 years

Handholds and footrests are manufactured from injection moulded high-quality nylon (PA6) which is a durable material.

The steel surfaces are hot-dip galvanised inside and outside with lead-free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

KOMPAN GreenLine versions are designed with ultimate environmentally friendly materials with the lowest possible CO2e emission factor such as EcoCore™ panels of 100% post consumer recycled ocean waste.

# Sustainability Data

M188

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO <sub>2</sub> e/kg	Recycled materials
	kg CO <sub>2</sub> e	kg CO <sub>2</sub> e/kg	%
M18801-01P	56.55	3.29	41.04

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

## Verification of CO<sub>2</sub> calculation of: Themed play systems

Data version no. 2023-10-05

The CO<sub>2</sub> calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Themed play systems" represented by item no.: MSC641100-3717P.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
