

The image shows a technical drawing of a trapezoidal metal frame structure. It consists of two vertical legs, a top horizontal bar, and a series of horizontal and diagonal cross-braces. The structure is shown in a perspective view. A vertical dimension line on the left indicates a height of 228 units. A vertical dimension line on the right indicates a height of 227 units. The drawing is labeled M87001 and has a scale of 1:100.
