M186

Item no. M18601-01P

General Product Information

Dimensions LxWxH	108x328x109 cm
Age group	3+
Play capacity (users)	10
Colour options	

Colourful bees and cute shapes rocking hugely motivate children to join in play, rocking together. The spacious design and sturdy back and foot support allow for many children of all abilities playing together. The risk seekers can stand on the middle platform securely, sensing the movement of the others. The spacious platform also allows for socialising and children

lying or sitting. There is room enough for caregivers, too. The seats at the end are big enough for older children as well as adults. The fun thrill of rocking, individually, in small or in big groups, will make children return for more. Rocking on the home seesaw trains the children's muscles and motor skills, their balance and coordination. The spaciousness of

the seesaw supports key development skills including social-emotional, cooperation, consideration and turn-taking. Toddlers experience cause-and-effect understanding.

Rocking together

Social-Emotional: the possibility of rocking two together trains cooperation skills and consideration of others.

Center platform

Physical: supports agility, balance and coordination, using leg and core muscles, building bone density when jumping. Facilitate sitting and lying, allows for users with disabilities. **Social-Emotional:** provides an inclusive space for gathering and for care givers assisting. Teamwork and socialising when rocking together.

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Rocking spring

Physical: response to movements adds to spatial awareness and sense of balance which are fundamental motor skills.
Cognitive: trains the understanding of cause and effect: when I move my body, the spring responds with movement.

Foot support

Physical: the footrest supports intensive rocking, which stimulates the senses of balance and space, fundamental for managing the world securely.

Double seating option

Social-Emotional: rocking together supports cooperation skills, and physical contact with others is great for children's wellbeing, measurable in lower cortisol levels.

Handhold

Physical: opens more hold positions and ensures good grip, necessary for rocking intensely which trains hand and arm muscles.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco-friendly material, which is not only recyclable after use but also consists of a core produced from 100% recycled material.

All floors are manufactured from high-pressure Laminate HPL with a thickness 17.8mm and non-skid surface texture which is highly durable.

The steel surfaces are hot-dip galvanised inside and outside with lead-free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

KOMPAN's springs are manufactured from high-quality spring steel. The springs are cleaned by phosphating before being painted with epoxy primer and polyester powder coating. The springs are fixed by unique anti-pinch fittings for maximum safety and longevity.

The usage of two springs and a centre tipping point makes it possible for users of different ages to play together. The tipping point bushing is made of high-quality nylon (PA6).

All of KOMPAN's multi seesaws can be equipped with a specially designed back support and footrest at each side. This extra back support and footrest are practical additions for children with poor coordination or sense of balance.

Item no. M18601-01P	
Installation Information	
Max. fall height	100 cm
Safety surfacing area	17.8 m ²
Total installation time	8.7
Excavation volume	0.42 m ³
Concrete volume	0.00 m ³
Footing depth (standard)	42 cm
Shipment weight	299 kg
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
EcoCore HDPE	Lifetime
Galvanised Steel	Lifetime
HPL Platform	15 years
Spare Parts Guarantee	10 years
Springs	5 years

Sustainability Data

	kg CO ₂ e	kg CO ₂ e/kg	%
M18601-01P	600.77	2.41	42.00

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Freestanding play equipment

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Freestanding play equipment" represented by item no.: GXY916012-3417.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025

Verified by:

Julie Marie Vejsgaard Larsen, LCA & EPD Consultant

Verification based on report: Validation of CO₂ calculation of 9 categories of Kompan product line, version 1.0, prepared by: Bureau Veritas HSE, Denmark: Julie M. V. Larsen.
