NRO409

The Wizard's hideaway is magical! With an elevated house and blue roof, it inspires role play. The natural Robinia timber provides an organic structure, that can either blend into or stand out from your surroundings. Children can touch and feel the timber while acting out their imaginations and social play, observing how nature inspiration interacts with the built

environment. A table on the side of the house can be used as a meeting point or provide a seat for caregivers, and the small stairs and slide are great for toddlers.

NRO409

#### Side desk

Social-Emotional: fine meeting place and a space creator. Sharing and cooperation from both sides to create a social scenario that supports communication and cooperation.

### Double slide

Physical: develops spatial awareness, sense of balance and trains core muscles when sitting upright going down. Social-Emotional: invites socialising, supports parent-child and peer-to-peer play. Cognitive: young children train their understanding of space, speed and distances when sliding down.

Physical: climbing the accessible stairway is for all and supports cross coordination as well as arm and leg muscles. Social-Emotional: room for active breaks and adult helpers. An inclusive space.

Social-Emotional: courage, self-confidence, consideration and turn-taking are built when children share the platform.

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Social-Emotional: invites socializing and cooperation. Allows for a break with friends.

NRO409

All organic Robinia products by KOMPAN are made of Robinia wood which is sourced from sustainable plantation farms. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is water-based, which is environmentally friendly and has excellent UV resistance. The paint is compliant with Australian Standards.

The Robinia products come in a number of standard colour options. The wood can also be supplied as untreated or with brown painted with a pigment that maintains the wood colour.

#### Installation Information Max. fall height 100 cm Safety surfacing area 35.1 m<sup>2</sup> Total installation time 26.6 Excavation volume 0.87 m<sup>3</sup> Concrete volume 0.00 m<sup>3</sup> Footing depth (standard) 80 cm Shipment weight 1,215 kg In-ground Anchoring options Surface **Warranty Information** PE Slide 10 years Robinia Wood 15 years Ropes & Nets 10 years Spare Parts Guarantee 10 years Stainless Steel Lifetime Components

Item no. NRO409-0621

The product/activities are preassembled from the factory to ensure all safety requirements are considered.

The hardware is made of stainless steel or galvanised steel to ensure durable connections that has high corrosion resistance.

NRO409

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO₂e/kg	Recycled materials
	kg CO₂e	kg CO₂e/kg	%
NRO409-0621	397.82	0.39	4.91

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

### Verification of CO<sub>2</sub> calculation of: Nature play

Data version no. 2023-10-05

The  $\mathrm{CO}_2$  calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
