

Agora Picnic Mini - Steel

PAR4180

Item no. PAR4180-0004	
General Product Information	
Dimensions LxWxH	105x134x60 cm
Age group	-
Play capacity (users)	-
Colour options	

AGORA Picnic Mini is a part of the awarded furniture line from KOMPAN. AGORA offers a high level of flexibility when it comes to anchoring, colour and material options to stimulate architectural creativity and to fit the site-specific requirements for individual customer projects. AGORA comes in a durable and robust design and is manufactured in low

maintenance materials to ensure long-lasting outdoor solutions with the lowest possible total cost of ownership.

Agora Picnic Mini - Steel

PAR4180

Steel internal surfaces are hot-dip galvanised, and the outside surfaces are lead and zinc free. Galvanisation has excellent corrosion resistance within outdoor environments and requires very little maintenance. Painted steel parts are hot-dip galvanised and then powder coated.

Galvanisation is manufactured with a two-step process which includes light grinding and clean sweeping, which is then finished with a top powder coating to 70-120 µm thickness.

The Agora full steel assortment is available as standard in 9 different colours to match the selected colour scheme on the play, sport or fitness site.

Item no. PAR4180-0004	
Installation Information	
Total installation time	2.8 hours
Excavation volume	0.00 m³
Concrete volume	0.00 m³
Footing depth (standard)	0 cm
Shipment weight	117 kg
Anchoring options	Surface ✓ In-ground ✓
Warranty Information	
Galvanised Steel	Lifetime
Painted Toplayer	10 years
Spare Parts Guarantee	10 years
Stainless Steel Components	Lifetime

The furniture is a freestanding product with optional anchoring possibilities. Kompan has multiple anchoring's to fit specific requirements for individual customer projects. The anchoring is sold as separate modules.

The standard available benches and tables can be customised up with back support, armrests, tables to create unique solutions for your project needs and locations.

The hardware is made of stainless steel or galvanised steel to ensure durable connections with a high corrosion resistance.

Sustainability Data

PAR4180

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
PAR4180-0004	217.15	2.59	50.00

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
